

EPS FOAM COMPACTOR

- Compacted EPS blocks by ratio 50 to 1
- Achieves a density in the range of 120kg/m to 350kg/m
- Compress log can be easily cut and pile up
- With a precrusher for EPS boxes and packaging blocks
- Compact and modular design
- Customization for options of different in let width, no crusher, and diesel power driving
- Affordable cost for faster return on investment

SPECIFICATION

Model	CP100	CP180	CP250	CP370
Motor power (kw)	0.55+1.5	0.75+2.2	1.5+5.5	3+7.5
Compression density (kg/m3)	120-200	150-250	180-320	200-350
Throughput (kg/h)	10-20	25-50	80-180	180-300
Feeding capacity (m3/h)	2-5	5-12	15-35	35-60
Feed opening (mm)	360x500	420x600	500x720	600x850
Log dimension (mm)	105x105	178x178	255x255	370x370
Machine weight (kg)	300	500	800	1600
Dimension LxWxH (m)	2.0x0.65x1.5	2.4x0.7x1.6	2.5x0.75x1.7	3.1x1.1x2.1
